NOTICE TO THE PUBLIC

ERB – SEPTEMBER 2024 EVENTS CALENDAR

Engineering Registration Board (ERB) is pleased to inform Engineering actors, Stakeholders and the public at large of three significant events scheduled for **September 2024**. These events are aligned with ERB's mandate to foster professional development among engineers, accelerate the Youth and start ups in their entrepreneurship and professional journey and to strengthen Science, Technology, and Mathematics (STEM) education at the primary and secondary schools, a critical foundation for tertiary engineering training.

The first event; the **Engineering Youth Forum** - PSSSF Commercial Complex, Dar es Salaam (03 and 04 September) event.erb.go.tz , is designed to empower young engineers and startups by providing a platform to explore entrepreneurial opportunities within the engineering sector.

The second event; the **Annual Engineers' Day (AED)** - Mlimani City Complex, Dar es Salaam (05 and 06 September) event.erb.go.tz, is a flagship event that brings together seasoned engineers to discuss contemporary engineering opportunities and advancements.

The third event; the **ERB Run for STEM** – University of Dar es Salaam - UDASA Grounds, (07 September) marathon.erb.go.tz, is a fun and engaging initiative aimed at promoting STEM education by awareness for science laboratories, libraries, and teacher training. Proceeds will be used to pay allowances to volunteering STEM teachers sponsored by ERB.

The Events have been arranged without conflict, one can attend and support one, two or all of them. The Marathon is for sure a never miss for all.

A: SEPTEMBER EVENTS CALENDAR

SN	EVENT / DAY	MON	TUE	WED	THUR	FRI	SAT
		02	03	04	05	06	07
